Time Travel Technologies

Please indicate the course titles and course work amounts of your previous Bachelor programme related to the topics of Time Travel Technologies. Please do also include courses that you have not yet completed but will attend before graduating. Then please tick the boxes referring to course contents where applicable.

Name: McFly, Marty ***RWTH Application ID: 20151021***

Courses at your Home University

						Module Title	Coursework Amount	weeks/module	units/week	mins/unit	Total mins	ECTS credits
#1						Advanced Physics II		**13**	**6**	**45**	**3510**	
	#2					Nuclear Physics I		**12**	**4**	**45**	**2160**	
		#3				Applied Philosophy I		**14**	**3**	**60**	**2520**	
			#4			Machine Design		**13**	**4**	**45**	**2340**	
				#5		Flux Capacitors		**13**	**2**	**45**	**1170**	
					#6							

Course Contents

						Time Travel Technologies
						Time Travel Basics
		x				Time as a State
x						Time as a Vector
x		**x**				Fundamentals of Relativity
		x				Space-Time Continuum
			x			Layout of Time Travel Machines
				x		Time Machine Components
	x					Plutonium Supply and Handling
				x		System Integration of Time Machines
		x				Selection of Travel Destinations
						History of Time Travel
						Experimental Time Travel
